google.com

community of stalkers” by *New York Magazine’s Intelligencer*, has gone dark. Just one day after website security provider [Cloudflare](#) pulled popular right-wing imageboard [8chan](#) amid the [El Paso mass shooting](#), an enormous distributed denial-of-service (DDoS) attack brought Kiwi Farms and its backups down, the site’s owner claims.

On Tuesday morning, Kiwi Farms’ homepage was replaced by a message from its owner and administrator, [Joshua Conner Moon](#), better known on Kiwi Farms as “Null.” On the front page, he announced that Kiwi Farms was undergoing a “sustained DDoS attack of 1Gbps for several hours.” Kiwi Farms’ two backup sites
